Play by your own rules

Quirky and unique, our toys are meant to inspire children’s individuality. Unexpected colors, intriguing patterns, sensory textures, and features that are as playful as they are educational! The difference doesn’t stop there; our toys are timeless and meant to be passed on from one generation to the next.

We thought outside the toy box and came up with a dreamy line of kid-sized furniture. B. spaces – trendy designs with sleek lines. Just like our toys, these stylish pieces are sure to look good in any room.

Our packaging is 100% recyclable with easy-to-use TRY ME windows and groovy die cuts. The difference in our packaging goes way beyond the surface. We want to make sure that the environmental footprint on our children’s world is as light as possible. How? By scrutinizing every single piece, minimizing the parts that get thrown away, and by using soy-based inks and water-based varnishes.

We aim to be bigger than a toy company. We want to let children know that it’s okay to be curious, to be happy or serious, giddy and adventurous… all at the same time.

Because at the end of the day, kids should B. exactly who they want to B.

Peace, love, and jellybeans!

Awards

B. Proud
Kudos from kiddos is all we need, but awards from far and wide leave us positively tickled. Wondering which toy got straight A’s and came top of the class? From old-timers like our beloved blooper to newcomers like our brand-new collection of kid-sized furniture; here are some of our (very proud) winners, acclaimed by the public, toy critics and kids from around the world! Although, you should know that for all of us at B, we love ALL our toys equally!

B. Loud
Let’s have a playdate! But first, let’s connect and be friends on social.
