

CATALOGUE 2023

BRISTLE BLOCKS[®]

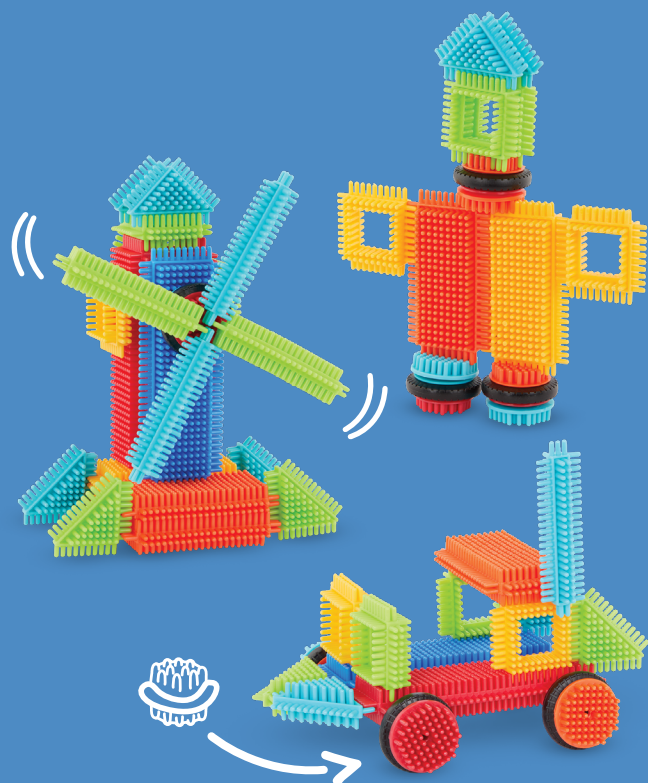

Bristle Block's unique interlocking design means there are endless possibilities for building and creating. Simply squeeze these blocks together to start building, then pull them apart to create something new.

Build creations over and over. Bristle Blocks are fun and easy to use for children of all ages. The large pieces fit easily in a toddler's hand, plus their bristly design is flexible enough to let older children create their own masterpiece.

Combine sets for even bigger builds! Mix pieces from different Bristle Block sets to build gigantic castles, cars, planes, forests, and more. Multiple sets are available, some with unique parts like wheels and figurines of animals or people.
